Yvette Bass (ret CBPO JFK) writes.....*So glad you're doing better, Phil. I was a little worried about you when you didn't come to Russo's on the Bay. Your son Frank said you were doing okay. I'm so grateful that you have kept this Customs family together through the Columbia Association. It means so much to all of us, especially the retirees...Yvette Bass writes again.....Hope you are doing well. I thought about sharing some news with our Customs family. My son, Jeffrey Bass, had worked a summer with us as a part-time Inspector, while in college. He went on to get his doctorate in psychology and went into the Army. After two deployments, Iraq and Afghanistan, he became a Commander of the 243rd Medical Detachment Unit at Fort Bamholder in Germany. After various stations, he is now stationed at Fort Sam Houston in San Antonio, Texas. On November 1, 2004, Jeffrey was promoted to Army Colonel. The ceremony was held on the Intrepid Air and Space Museum in NYC. A reminder to those of us, who worked long hours, weekends, and holidays. We can thank our families, especially our children, for keeping it together. We couldn't have this amazing Customs family without their love and support. Thank you, Phil, for keeping it going.*

Patti Buffolino (ret Program Analyst NYC) writes.....*Doing well. Nice to read your Newsletter. It is the only communication most of us received about our former colleagues. It's sad to read of some of their passing but do enjoy reading of the births & promotions of the next generation. Thanks again. Be well and Happy Easter to you & your family. I will keep forwarding your Newsletters.*

Joe Accardi (Broker/Jagro Brokers & Lifetime Member) writes.....*I cannot thank you enough for the Newsletter and all that you have done and still do for the Association and its members. I miss you Phil and I am glad to hear that you are doing better. Time flies too quickly. Helen sees you on Facebook and she keeps me updated on what is going on with you and your family. It was like yesterday I would sit up in your office at Building 80 when I was a field man at 18 years old and we would talk about life and family and the business we were in. You have always been a great friend to me and my family, and I just wanted to take a moment to say hello. I will call you over the weekend. Be well and love from me and Helen.*

Michael Baretta (Corbett International Inc.) writes.....*Nice to hear from you again and always glad to receive the Newsletters. Reading about so many people whom I've come in contact with over the years and to see where they are at in life is very nice. It's unfortunate to hear about those that have passed, especially those that I knew. More importantly, it's nice to hear you are recovering from your kidney stones and covid issues. Since I hadn't received a Newsletter for some time, I was wondering what was going on. Glad you're back in action and are feeling better. Keep up the good work and wish you and your family the very best.*
